

# Building newsflash number 400

## Royal Institute of Chartered Surveyors seminar

### Purpose

To advise a Royal Institute of Chartered Surveyors (RICS) seminar—Ten common commercial building certification challenges and how to avoid them—will be held in Brisbane on Wednesday 25 November 2009.

### Background

RICS is a professional body representing a range of construction and property professionals around the world. They have applied to become an Accreditation Standards Body for building certifiers in Queensland and have committed to delivering a program of continuing professional development for building certifiers.

The seminar will be held at the Sofitel, 249 Turbot Street, Brisbane on Wednesday 25 November 2009 at 5.30–7.30 pm. This seminar will be relevant to building certifiers, builders, developers, architects, planners, project managers, engineers and the wider professional community who play a part in the development process.

### Registration and further contact

To register for this event or for further information, please visit the RICS [website](#) or complete and submit the registration form attached.
