22. LATENT CONDITIONS

22.1. Definition

Latent Conditions are physical conditions on the Site or the Site’s surroundings, including artificial things, but excluding weather conditions or the results of such conditions whether on or off the Site, which differ materially from the physical conditions which should reasonably have been anticipated by a suitably qualified and experienced managing contractor at the time of the submission by the Managing Contractor of the GCS Offer if that suitably qualified and experienced managing contractor had:

(b) examined all information relevant to the risks, contingencies and other circumstances having an effect on the work under the Contract and obtainable by the making of reasonable enquiries; and

(c) inspected the Site and the Site’s surroundings.

which the Managing Contractor could not reasonably have anticipated at the time of submission of the GCS Offer by the Managing Contractor a valuation shall be made by the Principal’s Representative in accordance with Clause 53.4 (as if the valuation were for a Variation), and the Guaranteed Construction Sum and the Management Fee, On Site Overheads Fee and/or Consultants Fee shall be adjusted by the amount of that valuation in accordance with the Contract.

22.4. **Extension of Time**

Delay caused by a Latent Condition may justify an extension of time under Clause 49.3 and costs assessed pursuant to the provisions of Clause 50.

23. **PATENTS, COPYRIGHT AND OTHER INTELLECTUAL PROPERTY RIGHTS**

23.1. **Warranty and Indemnity**

The Managing Contractor warrants to the Principal that the Contract Materials and methods of working will not infringe any patent, copyright, moral right, registered design, trademark or name, or other protected right and the Managing Contractor indemnifies the Principal in respect of any such infringement.

23.3.3. Upon request by the Principal’s Representative, the Managing Contractor will produce to the Principal’s Representative the written consents obtained pursuant to Clause 23.3.2.

As the Managing Contractor proceeds to reinstate the loss or damage, the Principal's Representative shall certify against the joint account for the cost of reinstatement; and

Immediately upon the discovery of these things the Managing Contractor shall take precautions to prevent their loss or removal or damage and shall notify the Principal’s Representative of the discovery.

39.6. **Extra Land Required by the Managing Contractor**

The Managing Contractor shall procure, at the Managing Contractor’s own cost, the right to the occupation or use of any land in addition to the Site which the Managing Contractor may deem necessary for the execution of the work under the Contract or for the purposes of the Contract, and shall, as a condition precedent to the issue of the Final Certificate if so required by the Principal’s Representative, provide a properly executed release from all claims or demands (whether for damages or otherwise howsoever) from the owner or occupier of and from other persons having an interest in such land. 42.5.4. A payment to the Managing Contractor, or a test or a failure by the Principal’s Representative or anyone else to disapprove any material or work shall not prejudice the power of the Principal’s Representative to subsequently give a direction under Clause 42.2 or 42.3 or a notice under Clause 42.4.

42.5.5. Nothing in Clause 42 shall prejudice any other right which the Principal may have against the Managing Contractor arising out of the failure of the Managing Contractor to provide material or work in accordance with the Contract.

43.7. **Costs of Testing**

43.7.1. Costs of and incidental to testing shall be valued under Clause 53.4 and shall be borne by the Principal or paid by the Principal to the Managing Contractor unless:

(b) the test shows that the material or work is not in accordance with the Contract;

(c) the test is in respect of work under the Contract covered up or made inaccessible without the Principal’s Representative’s prior approval where such was required; or

(d) the test is consequent upon a failure of the Managing Contractor to comply with a requirement of the Contract.

43.7.2. Where such costs are not to be borne by the Principal, they shall be borne by the Managing Contractor or paid by the Managing Contractor to the Principal.

43.8. **Access for Testing**

If, during the Defects Liability Period:

the Principal shall not unreasonably refuse the Managing Contractor access to test the material or work.

44. **WORKING HOURS AND WORKING DAYS**

44.1 The Working Days on the Site shall be as stated in the Annexure but excluding public holidays and industry rostered days off. Except where otherwise nominated, Working Hours on the Site shall be up to 9 hours per Working Day between the hours stated in the Annexure.
44.2 The hours and days prescribed in Clause 44.1 shall not be varied without the prior approval of the Principal's Representative except when in the interests of safety of the work under the Contract, or to protect life or property, the Managing Contractor finds it necessary to carry out work outside the hours or on days other than the days as stated or approved by the Principal's Representative. In such cases, the Managing Contractor shall notify the Principal's Representative in writing of the circumstances as early as possible.

44.3 Notwithstanding any approval by the Principal's Representative to otherwise vary the Working Hours or Working Days, events occurring outside of the Working Hours or Working Days stated in Clause 44.1 shall not be grounds for an extension of time.

44.4 In approving a variation to the hours or days prescribed in Clause 44.1, the Principal's Representative may attach conditions. Such conditions may include, but are not limited to:

(a) a prohibition of or restriction on the performance of work which requires inspection; and
(b) a requirement that the Managing Contractor meets the costs of contract administration including but not limited to costs of inspections, by or on behalf of the Principal's Representative, of work during times approved by the Principal's Representative that are outside of the hours stated in Clause 44.1.

45. PROGRAMMING

45.1 Submission

45.1.1. Within 14 days after the Date of Commencement of Stage Two, the Managing Contractor shall submit to the Principal’s Representative a program in such detail as the Principal’s Representative may require which:

(a) confirms or revises any program submitted with the Managing Contractor’s GCS Offer;
(b) contains a date for Practical Completion not later than the Date for Practical Completion;
(c) sets out the manner in which and times by which the various tasks comprising the work under the Contract shall be completed; and
(d) makes reasonable allowance for the Principal's Representative to consent to or comment on, in accordance with the Contract, the documentation submitted to the Principal's Representative and shall also make reasonable allowance for any resubmission of this documentation which may be required.

45.1.2. The Principal’s Representative shall acknowledge receipt and provide any comment on this program within 14 days of receipt.

45.2 Rights Not Affected

A Program shall not affect the Managing Contractor’s rights or obligations under Clause 46.1 nor shall it form part of the Contract.

46. PROGRESS

46.1 Rate of Progress

46.1.1. The Managing Contractor shall:

(a) proceed with the work under the Contract with due expedition and without delay; and
(b) reach Practical Completion of the Works by the Date for Practical Completion.

46.1.2. For these purposes and without limiting the generality of the foregoing, the Managing Contractor shall be obliged, in consultation with the Principal's Representative, to take such positive steps to re schedule, re program, expedite and adjust activities, sequences and the carrying out and execution of the work under
the Contract generally so as to ensure that a rate of progress satisfactory to the Principal’s Representative is maintained.

46.1.3. The Managing Contractor shall not suspend the progress of the whole or any part of the work under the Contract except where the suspension is under Clause 59.9 or is directed or approved by the Principal’s Representative under Clause 48.

46.1.4. The Managing Contractor shall give the Principal’s Representative reasonable advance notice of when the Managing Contractor requires any information, materials, documents or instructions from the Principal’s Representative or the Principal. The Principal and Principal’s Representative shall not be required to give any information, materials, documents or instructions earlier than would have been reasonably anticipated at the time of submission of Managing Contractor’s Tender.

47. ACCELERATION

47.1. Acceleration Proposal

47.1.1. The Principal’s Representative may at any time prior to the Date of Practical Completion direct the Managing Contractor to provide a proposal to accelerate completion of the work under the Contract or any part thereof (in this clause called the "Acceleration Proposal"). Such direction may require the Managing Contractor to propose:

(a) a revised Date for Practical Completion;

(b) the measures the Managing Contractor considers necessary to meet the requirements of the Principal’s Representative;

(c) the adjustment required in the opinion of the Managing Contractor, inclusive of all costs howsoever arising, to the Management Fee, On Site Overheads Fee and/or Consultants Fee to carry out those measures;

(d) the Managing Contractor’s estimate of:

(i) the effect on the Actual Construction Sum; and

(ii) the appropriate adjustment to the Guaranteed Construction Sum.

47.1.2. Within 7 days of the direction or such further time as may be agreed, the Managing Contractor shall provide to the Principal’s Representative an Acceleration Proposal.

47.1.3. The Managing Contractor acknowledges that the adjustments referred to in paragraphs (c) and (d)(ii) of Clause 47.1.1 are contingent upon achievement of Practical Completion on or before the revised Date for Practical Completion, such that if Practical Completion is not achieved on or before the revised Date for Practical Completion, the adjustments may be reversed by the Principal’s Representative unless the Managing Contractor establishes to the reasonable satisfaction of the Principal’s Representative that the sole reason for the failure to reach Practical Completion on or before the revised Date for Practical Completion is a delay or delays caused by the Principal, the Principal’s Representative or one of their servants or agents.

47.2. Acceptance of Acceleration Proposal

Within 14 days of receiving the Acceleration Proposal from the Managing Contractor or such other time as may be agreed, the Principal’s Representative may advise the Managing Contractor:

(a) that the Acceleration Proposal is:

(i) acceptable; or

(ii) unacceptable, in whole or in part, and agree with the Managing Contractor and accept a revised Acceleration Proposal;

and direct the Managing Contractor to carry out the measures contained in the accepted Acceleration Proposal. Such direction shall be a direction to accelerate; or
(b) that the Acceleration Proposal is unacceptable and that no acceleration is required; or
(c) that the Acceleration Proposal or part thereof is unacceptable, and give the Managing Contractor a direction to accelerate in which event Clause 47.3 shall apply.

47.3. **Direction to Accelerate**

47.3.1. Notwithstanding that the Principal’s Representative has not requested an Acceleration Proposal the Principal’s Representative may nevertheless give the Managing Contractor a direction to accelerate.

47.3.2. A direction to accelerate:

(a) may, but not necessarily, be in response to an Acceleration Proposal;
(b) shall be in writing and contain a statement that it is a direction to accelerate under this Clause 47.3;
(c) shall identify generally the measures which the Principal’s Representative requires the Managing Contractor to take to accelerate the execution of the work under the Contract;
(d) may identify the parts of the work under the Contract which the Principal’s Representative requires the Managing Contractor to accelerate;
(e) shall state:
   (i) the revised Date for Practical Completion; and
   (ii) the quantum of adjustment to:
      (A) the Management Fee;
      (B) the Consultants Fee;
      (C) the On Site Overheads Fee; and
      (D) the Guaranteed Construction Sum;

where these revised dates or adjustments are not those contained in an accepted Acceleration Proposal, the Principal's Representative shall determine reasonable revised dates and adjustments;

(f) shall state the time by which the Managing Contractor shall commence to implement the direction to accelerate; and

(g) may not be given unless the work is capable of being performed by the revised Date for Practical Completion.

47.3.3. If the Principal's Representative gives a direction to accelerate then the Managing Contractor shall comply with the direction to accelerate within the time stated in the direction and the:

(a) Date for Practical Completion;
(b) Management Fee;
(c) Consultants Fee,
(d) the On Site Overheads Fee; and
(e) Guaranteed Construction Sum;

shall be revised or adjusted in accordance with the direction to accelerate and the Managing Contractor shall not be entitled to claim further reimbursement of any costs or any damages.
48. SUSPENSION OF THE WORKS

48.1. Suspension by Principal’s Representative

If the Principal’s Representative considers that the suspension of the whole or part of the work under the Contract is necessary:

(a) because of an act or omission of:

(i) the Principal, the Principal’s Representative or an employee, consultant or agent of the Principal; or

(ii) the Managing Contractor, a Subcontractor or an employee or agent of either; or

(b) for the protection or safety of any person or property; or

(c) to comply with an order of a court; or

(d) for any other reason which the Principal’s Representative in the Principal Representative’s absolute discretion considers justifiable in the circumstances;

then the Principal’s Representative may direct the Managing Contractor to suspend the progress of the whole or part of the work under the Contract for such time as the Principal’s Representative thinks fit.

48.2. Suspension by the Managing Contractor

If the Managing Contractor wishes to suspend the whole or part of the work under the Contract, otherwise than under Clause 59.9, the Managing Contractor shall obtain the prior written approval of the Principal’s Representative. The Principal’s Representative may approve of the suspension and may impose conditions of approval.

48.3. Recomencement of Work

As soon as the Principal’s Representative becomes aware that the reason for any suspension no longer exists, the Principal’s Representative shall direct the Managing Contractor to recommence work on the whole or on the relevant part of the work under the Contract. If work is suspended pursuant to Clause 48.2 or 59.9, the Managing Contractor may recommence work at any time after reasonable advance notice to the Principal’s Representative.

48.4. Cost of Suspension

Any cost incurred by the Managing Contractor by reason of a suspension under Clause 48.1 or Clause 48.2 shall be borne by the Managing Contractor, but if the suspension is due to an act or omission of the Principal, the Principal's Representative or an employee, consultant or agent of the Principal and the suspension causes the Managing Contractor to incur more or less cost than otherwise would have been incurred but for the suspension, then the difference shall be valued by the Principal’s Representative under Clause 53.4 and the Management Fee, the Consultants Fee, the On Site Overheads Fee and Guaranteed Construction Sum shall be adjusted accordingly. The entitlement of the Managing Contractor under this Clause 48.4 shall be the Managing Contractor's sole remedy in respect of any suspension.

48.5. Effect of Suspension

A suspension shall not affect the Date for Practical Completion but the cause of the suspension may be a ground for extension of time under Clause 49.3.

49. TIMES FOR COMMENCEMENT AND COMPLETION

49.1. Time for Commencement

Upon receiving the Principal’s notice of acceptance of tender the Managing Contractor shall promptly commence work under the Contract.
49.2. **Time for Completion**

Subject to Stage Two proceeding, the Managing Contractor shall ensure the Works achieves Practical Completion by the Date for Practical Completion.

49.3. **Extension of Time**

49.3.1. When the Managing Contractor becomes aware of anything including an act or omission of the Principal, the Principal's Representative or the Principal's employees, consultants, other contractors or agents which may delay the work under the Contract, the Managing Contractor shall promptly give written notice of that cause and the estimated delay to the Principal's Representative.

49.3.2. The Managing Contractor shall be entitled to such extension of time to the Date for Practical Completion for carrying out work under the Contract as the Principal's Representative assesses, if:

(a) the Managing Contractor is or will be delayed in reaching Practical Completion by a cause described in Clause 49.3.4;

(b) the Managing Contractor has complied with Clause 49.3.1; and

(c) the Managing Contractor gives the Principal's Representative, within 28 days of when the Managing Contractor should reasonably have become aware of that causation occurring, a written claim for an extension of time evidencing the facts of causation and of the delay to work under the Contract including the extent of the delay.

49.3.3. If further delay results from a cause described in Clause 49.3.4 evidenced in a claim under Clause 49.3.2(c), the Managing Contractor shall claim an extension of time for such delay by promptly giving the Principal's Representative a written claim evidencing the facts of the delay.

49.3.4. The causes are any of the following:

(a) events whether occurring before, on or after the Date for Practical Completion:

   (i) delays caused by:

   (A) the Principal;

   (B) the Principal's Representative;

   (C) the Principal's employees, consultants, other contractors or agents;

   (ii) any breach of the Contract by the Principal;

   (iii) any change in Statutory Requirements assessed in accordance with Clause 24.2, irrespective of whether such change causes the Managing Contractor to incur more or less cost than otherwise would have been incurred;

   (iv) delay caused by any statutory authority in granting approvals, agreements or permits or carrying out works or services for which they are responsible, other than where the reason for the delay is the failure of the Managing Contractor or its Subcontractors to:

   (A) take any reasonable steps to progress the granting of an approval, agreement or permit or the carrying out of works or services; or

   (B) comply with a Statutory Requirement;

   (v) fire, explosion, lightning, cyclone, flood which may be expected to occur once or less in every 100 years, earthquake, high sea inundation, landslide and natural disasters, to the extent they are beyond the Managing Contractor's reasonable control; and

   (vi) any event identified in any other provision of the Contract entitling the Managing Contractor to an extension of time;
(b) industry-wide industrial action not caused by the Managing Contractor occurring on or before the Date for Practical Completion; and

excluding a Variation direction issued by the Principal’s Representative pursuant to Clause 19. However, this clause does not prevent the Principal’s Representative from exercising its discretion to extend the date for Practical Completion pursuant to Clause 19.

49.3.5. In assessing each claim for extension of time the Principal’s Representative shall disregard questions of whether:

(a) work under the Contract can nevertheless reach Practical Completion by the Date for Practical Completion without an extension of time; and

(b) the Managing Contractor can accelerate,

but shall have regard to what prevention and mitigation of the delay has not been affected by the Managing Contractor.

49.3.6. In determining a claim for an extension of time for an event causing delay, the Principal’s Representative may have regard to the program at the date of the event or events on which the claim is based and whether the Managing Contractor has taken all reasonable steps to preclude the occurrence of the cause and minimise the consequences of the delay.

49.3.7. Where more than one event causes concurrent delays and the cause of at least one of those events, but not all of them, is not a cause referred to in Clause 49.3.4, then to the extent that the delays are concurrent, the Managing Contractor shall not be entitled to an extension of time.

49.3.8. If the Managing Contractor is entitled to an extension of time to the Date for Practical Completion then the Principal's Representative shall, within 28 days after receipt of the notice of the number of days extension claimed, grant an extension of time. Such extension shall be granted in calendar days. If the Principal's Representative does not grant the full extension of time claimed, the Principal's Representative shall before the expiration of the 28 days give the Managing Contractor notice in writing of the reason.

49.3.9. If the adjusted Date for Practical Completion falls on a day which is not a business day, the adjusted Date for Practical Completion shall be the next business day following that date.

49.3.10. Notwithstanding that the Managing Contractor is not entitled to an extension of time, the Principal's Representative may, at any time and from time to time before the issue of the Final Certificate, by notice in writing to the Managing Contractor extend the Date for Practical Completion for any reason. The power given by this Clause 49.3.9 is exercisable by the Principal’s Representative for the sole benefit of the Principal.

49.3.11. Neither:

(a) a delay caused by the Principal, the Principal's Representative or any of the Principal's employees, consultants, other contractors or agents; nor

(b) the failure of the Principal's Representative to grant an extension of time,

shall cause the Date for Practical Completion to be set at large but nothing in this Clause 49.3 shall prejudice any right of the Managing Contractor to damages.

49.4. **Liquidated Damages**

49.4.1. If the Managing Contractor fails to reach Practical Completion by the Date for Practical Completion, the Managing Contractor shall be indebted to the Principal for liquidated damages at the rate stated in the Annexure for every calendar day after the Date for Practical Completion up to and including the Date of Practical Completion or the date that the Contract is terminated, whichever first occurs.

49.4.2. The Principal’s Representative may deduct liquidated damages in assessing any amount due to the Managing Contractor under Clause 57.
49.4.3. If, after the Managing Contractor has paid or the Principal has deducted liquidated damages, the Date for Practical Completion is extended, the Principal shall forthwith repay the Managing Contractor any liquidated damages paid or deducted in respect of the period up to and including the extended Date for Practical Completion.

49.5. **Separable Portions**

49.5.1. The interpretations of:

(a) Date for Practical Completion;

(b) Date of Practical Completion;

(c) Practical Completion; and

(d) Clauses 9.2, 9.5, 9.10, 9.11, 28, 49, 50, 51, 52, 53, and 57.9;

shall apply separately to each separable portion and references therein to the Works and to work under the Contract shall mean so much of the Works and the work under the Contract as is comprised in the relevant separable portion.

49.5.2. If the Contract does not make provision for the amount of security, retention moneys, liquidated damages or damages for delay or disruption applicable to a separable portion, the respective dates and amounts applicable shall be such proportion of those items applicable to the whole of the work under the Contract as the value of the separable portion bears to the value of the whole of the work under the Contract.

49.5.3. For the purposes of the Contract, separate Subcontracts shall not of itself or themselves be separable portions unless identified as such in the Contract.

49.6. **Use of Partly Completed Works**

49.6.1. If a part of the Works has reached a stage equivalent to that of Practical Completion but another part of the Works has not reached such a stage and the parties cannot agree upon the creation of separable portions, the Principal's Representative may determine that the respective parts shall be separable portions.

49.6.2. In using the separable portion that has reached Practical Completion, the Principal shall not hinder the Managing Contractor in the performance of the work under the Contract.

**50. DELAY OR DISRUPTION COSTS**

50.1. **Principal’s Obligation and Liability**

Nothing in Clause 50 shall oblige the Principal to pay extra costs for delay or disruption which have already been included in any other payment under the Contract.

50.2. **Damages for Delay or Disruption**

50.2.1. The Managing Contractor shall only be entitled to damages for any delay in the completion of or disruption in the progress of the work under the Contract if:

(a) an extension of time to the Date for Practical Completion has been or should properly have been allowed under Clause 49.3.4(a)(i) or (ii); and

(b) the cause of the delay:

(i) is beyond the control of the Managing Contractor; and

(ii) arises out of a breach of the provisions of the Contract by the Principal or out of any other act or omission on the part of the Principal, the Principal's Representative, any agent, consultant or contractor of the Principal or any employee of the Principal; and
(c) the Managing Contractor has taken all proper and reasonable steps necessary and within its control both to preclude the occurrence of the cause of the delay and/or to minimise the consequences thereof; and

(d) any costs, expenses or damages suffered or incurred by the Managing Contractor as a result of any such delay have not been included in the value of any Variation and are not payable by virtue of any other provision of the Contract.

50.2.2. Subject to compliance with the provisions of this Clause 50.2, the Managing Contractor shall in respect of any such delay or disruption encountered by it in the execution of the work under the Contract be entitled to be paid by the Principal an amount by way of damages for every Working Day of nine (9) hours or part thereof (which shall be cumulative) calculated and determined by reference to the relevant daily rate for agreed damages contained in the Managing Contractor's Tender.

50.2.3. Except to the extent that such amounts form part of the Actual Construction Sum, the amount due by the Principal to the Managing Contractor under this Clause 50.2 is the agreed damages due by the Principal to the Managing Contractor and is in full satisfaction of all Claims for damages or any other payment or compensation whatsoever, for breach of contract or otherwise according to law, which the Managing Contractor may make or bring against the Principal arising in connection with all and any delay or disruption howsoever caused or encountered by the Managing Contractor in the execution of the work under the Contract.

50.2.4. The amount due by the Principal to the Managing Contractor under this Clause 50.2 includes (without limitation) all Claims for damages or any other payment or compensation whatsoever which Subcontractors of the Managing Contractor may make or bring against the Managing Contractor arising in connection with delay or disruption caused by the Principal, the Principal's Representative, or any of the Principal's employees, consultants, other contractors or agents.

50.2.5. All amounts due in respect of such damages shall be separately identified in claims for payment under Clause 57.2 and be included in claims pursuant to Clause 57.2.6(f).

50.3. **Provisional Delay Allowance**

50.3.1. The Managing Contractor's Tender shall include a Provisional Delay Allowance for delay days as calculated by reference to the provisional number of delay days as stated in the Contract multiplied by the rate per day contained in the Managing Contractor's Tender.

50.3.2. If the total amounts due by the Principal to the Managing Contractor pursuant to Clause 50.2.2 is greater or less than the Provisional Delay Allowance, the amount of such difference shall be included in payment certificates issued by the Principal's Representative pursuant to Clause 57.

51. **DEFECTS LIABILITY**

51.1 As soon as possible after the Date of Practical Completion, the Managing Contractor shall rectify any defects or omissions in the work under the Contract existing at the Date of Practical Completion.

51.2 At any time prior to the expiration of the Defects Liability Period, the Principal's Representative may direct the Managing Contractor to rectify any omission or defect in the work under the Contract existing at the Date of Practical Completion or which becomes apparent prior to the expiration of the Defects Liability Period. The direction shall identify the omission or defect and state a date by which the Managing Contractor shall complete the work of rectification and may state a date by which the work of rectification shall commence.

51.3 The direction may provide that in respect of the work of rectification there shall be a separate defects liability period of a stated duration not exceeding the period stated in the Annexure. The separate defects liability period shall commence on the date the Managing Contractor completes the work of rectification. Clause 51 shall apply in respect of the work of rectification and the defects liability period for that work of rectification.

51.4 If the work of rectification is not commenced or completed by the stated dates, the Principal may have the work of rectification carried out by others at the Managing Contractor's expense, but without prejudice to
any other rights that the Principal may have against the Managing Contractor with respect to such omission or defect and the cost of the work of rectification incurred by the Principal shall be a debt due from the Managing Contractor. Until the cost of the work of rectification has been incurred by the Principal, the Principal may deduct the estimated cost of such work from payments to the Managing Contractor as an amount due from the Managing Contractor to the Principal.

51.5 The Managing Contractor shall carry out work of rectification at times and in a manner which cause as little inconvenience to the occupants or users of the Works as is reasonably possible.

52. CLEANING UP

52.1 The Managing Contractor shall keep the Site and the work under the Contract clean and tidy. The Managing Contractor shall regularly remove rubbish and surplus material.

52.2 The Managing Contractor shall ensure that rubbish and surplus materials are removed from areas adjacent to occupied or operational areas on a daily basis, and that access to such areas is not impeded by materials, rubbish or debris.

52.3 The Managing Contractor shall ensure that the removal of all rubbish and surplus material is done in an environmentally conscious manner, with recycling options being utilised at every opportunity.

52.4 Within 14 days after the Date of Practical Completion the Managing Contractor shall remove Temporary Works and constructional plant.

52.5 The Principal's Representative may extend the time for removal of Temporary Works or constructional plant necessary to enable the Managing Contractor to perform remaining obligations.

52.6 Notwithstanding the provisions of Clause 59, if the Managing Contractor fails to comply with any obligation imposed on the Managing Contractor by Clause 52 the Principal's Representative may, after the Principal's Representative has given reasonable notice in writing to the Managing Contractor, have the work of cleaning and tidying up carried out by other persons and the cost incurred by the Principal in having the work so carried out may be recovered by the Principal as a debt due from the Managing Contractor to the Principal. The rights given by this paragraph are in addition to any other right.

53. VARIATIONS

53.1. Variations to the work under the Contract

53.1.1. The Principal's Representative may in writing direct the Managing Contractor, pursuant to Clause 53.1, to:

(a) increase, decrease or omit any part of the work under the Contract;

(b) change the character or quality of any material or work or anything described in the Developed Design or the Subcontract Construction Documentation;

(c) change the levels, lines, positions or dimensions of anything described in the Developed Design or the Subcontract Construction Documentation or any part of the work under the Contract;

(d) execute additional work; and/or

(e) demolish or remove material or work no longer required by the Principal;

except where a Variation may be directed by the Principal's Representative pursuant to Clause 19.

53.1.2. The Managing Contractor is bound only to execute a Variation which is within the general scope of the Contract.

53.1.3. The Managing Contractor shall not be bound to execute a Variation directed after the Date of Practical Completion unless the Variation is in respect of rectification work referred to in Clause 51.
53.2. Proposed Variations

53.2.1. Within 7 days of receipt of a notice in writing from the Principal's Representative advising the Managing Contractor of a proposed Variation under Clause 53.2, the Managing Contractor shall advise the Principal's Representative:

(a) in respect of the Managing Contractor's assessment as to whether the proposed Variation can be effected; and

(b) details of the work performed by Consultants and associated costs in providing that assessment.

53.2.2. The Principal shall not reimburse the Managing Contractor any of the Managing Contractor's costs of complying with the requirements of this Clause 53.2 other than:

(a) the reasonable costs incurred for work performed by Consultants; and

(b) the reasonable costs incurred by the Managing Contractor in engaging additional resources specifically for the purpose of complying with the requirements of this Clause 53.2.

The costs described in Clause 53.2.2(a) and (b) above will only be paid if the proposed Variation does not proceed.

53.2.3. If the Variation can be effected, the Managing Contractor shall:

(a) advise the Principal's Representative of the effect (if any) which the Managing Contractor anticipates that the Variation will have on the Program and time for Practical Completion, and the amount of any delay or disruption costs under Clause 50; and

(b) provide:

(i) a detailed quotation of the cost of the proposed Variation, inclusive of GST, including any proposed adjustments to the Management Fee, Consultants Fee, On Site Overheads Fee and Guaranteed Construction Sum; and

(ii) advice as to the effect of the proposed Variation on any applicable warranty.

53.2.4. Following receipt of the Managing Contractor's quotation pursuant to Clause 53.2.3, the Principal's Representative may, in writing:

(a) accept the quotation provided by the Managing Contractor and direct a Variation under Clause 53.1 and, in doing so, accept or reject advice (if any) given by the Managing Contractor pursuant to Clauses 53.2.3(a) and 53.2.3(b)(ii); or

(b) reject the quotation, in which case the Principal's Representative may nevertheless direct the Variation under Clause 53.1 and the Variation so directed shall be valued under Clause 53.4.2.

53.3. Variations for the Convenience of the Managing Contractor

53.3.1. If the Managing Contractor requests the Principal's Representative to approve a Variation for the convenience of the Managing Contractor, except where the Managing Contractor has requested a Variation pursuant to Clause 19.2, the Principal's Representative may do so in writing pursuant to this Clause 53.3. The approval may be conditional.

53.3.2. Unless the Principal's Representative otherwise directs in the notice approving the Variation, the Managing Contractor shall not be entitled to:

(a) any extension of time for Practical Completion; or

(b) extra costs, any extra payment or an adjustment to:

(i) the Management Fee;

(ii) the Consultants Fee;
(iii) On Site Overheads Fee; or

(iv) the Guaranteed Construction Sum;

in respect of the Variation or anything arising out of the Variation which would not have arisen had the Variation not been approved.

53.3.3. Unless the Principal’s Representative determines that the Variation relates to the rectification of defective or non-compliant work under the Contract, any further or reduced costs for Construction Work the subject of an approved Variation under this Clause 53.3 shall form part of the Actual Construction Sum for which the Off Site Overheads and Profit Fee shall be payable in accordance with the terms of the Contract.

53.3.4. The Principal's Representative shall not be obliged to approve a Variation for the convenience of the Managing Contractor.

53.4. Valuation of Variations

53.4.1. If the Managing Contractor provides a detailed quotation for the work of a Variation under Clause 53.2 which is accepted by the Principal's Representative, then the actual Subcontract cost in respect of Construction Work the subject of the Variation shall form part of the Actual Construction Sum against which the Off Site Overheads and Profit Fee shall be payable, and the Management Fee, Consultants Fee, On Site Overheads Fee and Guaranteed Construction Sum shall be adjusted in accordance with the accepted quotation.

53.4.2. Where Clause 53.4.1 does not apply, a Variation shall be valued as set out in (a) to (e) as follows.

(a) Where a Variation requires further or reduced Construction Work:

(i) the value for the Variation shall be calculated in accordance with:

(A) the rates or prices included in the Contract; or

(B) in any bill of quantities, schedule of rates or schedule of prices under any relevant Subcontract;

    to the extent to which the Principal's Representative determines that those rates or prices are applicable to the Variation.

(ii) to the extent that the Principal's Representative determines that the rates or prices do not apply to a Variation, the value for the Variation shall be:

(A) as determined by agreement between the Managing Contractor and the Principal's Representative; or

(B) if an agreement cannot be reached, by the Principal's Representative who shall determine such rate or price as the Principal's Representative considers reasonable.

The value calculated pursuant to this Clause 53.4.2 (a) shall be the amount, inclusive of GST, of the adjustment to the Guaranteed Construction Sum and shall form part of the Actual Construction Sum against which the Off Site Overheads and Profit Fee shall be payable.

(b) Where a Variation requires additional or reduced work by a Consultant, the Consultants Fee shall be adjusted by the amount agreed between the Principal’s Representative and the Managing Contractor, or in the absence of agreement, the amount determined by the Principal’s Representative for the additional or reduced work, having regard to:

(i) any fee proposal provided by the Consultant to the Managing Contractor for the work of the Variation; and

(ii) the contract between the Managing Contractor and the Consultant.

(c) Provided that the Managing Contractor is not entitled to damages for any delay in the completion of or disruption in the progress of the work under the Contract pursuant to Clause 50, the Managing

Contractor shall be entitled to claim an amount of 5% of the sum calculated under Clause 53.4.2(a) which will be deemed to represent the Managing Contractor’s full and final entitlement (inclusive of GST), in respect of the amount of adjustment to the Management Fee for that Variation.

(d) Where a Variation requires On Site Overheads personnel in addition to those personnel described in the costed methodology statement for On Site Overheads in the Managing Contractor’s Tender and required to be notified by the Managing Contractor to the Principal’s Representative pursuant to Clause 37.1.3, the following shall apply:

(i) where the Managing Contractor has an entitlement to be paid damages for delay or disruption in accordance with Clause 50 in respect of the Variation, there shall be no adjustment to the On Site Overheads Fee; and

(ii) where the Managing Contractor does not have an entitlement to be paid damages for delay or disruption in accordance with Clause 50 in respect of the Variation, then the On Site Overheads Fee shall be adjusted by the amount determined by agreement between the Managing Contractor and the Principal’s Representative, or if an agreement cannot be reached, by such amount that the Principal’s Representative considers reasonable for the work of the additional On Site Overheads personnel that is directly attributable to the execution of the Variation.

(e) Where a Variation causes the Managing Contractor to require fewer On Site Overheads personnel than those described in the costed methodology statement for On Site Overheads in the Managing Contractor’s Tender, then the On Site Overheads Fee shall be adjusted by the amount determined by agreement between the Managing Contractor and the Principal’s Representative, or if an agreement cannot be reached, by such amount that the Principal’s Representative considers reasonable for the fewer On Site Overheads personnel, having regard to the costed methodology statement provided in the Managing Contractor’s Tender.

53.5. Omissions

53.5.1. If the Principal’s Representative instructs a Variation omitting any part of the work under the Contract, the Principal may thereafter either perform the omitted work or employ or engage another person to carry out and execute the omitted work.

53.5.2. The Managing Contractor shall have no entitlement to make a claim as a result of any part of the work under the Contract being omitted therefrom, whether or not the Principal thereafter performs the omitted work or employs or engages another person to carry out and execute the omitted work.

53.5.3. The work which has been omitted shall be valued in accordance with the provisions of Clause 53.4.

53.6. Notice of Variations

(b) that at the time of the Managing Contractor’s payment of an invoice for any materials, machinery or other goods forming part of the Works a difference has occurred in comparison to the price obtained and included in the GCS Offer of such materials, machinery or other goods, which difference is solely attributable to an alteration in the rates of exchange or duty;

the value of such difference shall, upon application in writing to the Principal's Representative by the Managing Contractor or upon notification in writing to the Managing Contractor by the Principal's Representative, be taken into account in the Final Certificate, and the value of such difference shall be calculated in accordance with the entire example calculation included in Schedule 9.

57.2.4. If the Managing Contractor submits a payment claim before the time for lodgement of that payment claim, such early lodgement shall not require the Principal’s Representative to issue a payment certificate in respect of that payment claim earlier than would have been the case had the Managing Contractor submitted the payment claim in accordance with the Contract.

57.2.5. If the Managing Contractor fails to make a payment claim, the Principal’s Representative may nevertheless issue a payment certificate.
