## Tax Allowance Scale

### Tax Allowance Scale

This document has been developed to support registered housing providers when applying the Community Housing Rent Policy. It should be read in conjunction with the Community Housing Rent Policy.

For more information about the application of this document, or the Community Housing Rent Policy, contact the Department of Communities, Housing and Digital Economy.

### Tax Allowance Scale

To increase work incentives, rent is assessed on 'after tax' income for all household income earned from work.

The gross taxable income of all household members must be reduced by the tax allowance scale in the table below, prior to rent assessment. The tax allowance scales are based on gross weekly income amounts.

The Electronic Rent Calculation Tool has been developed to assess rent in accordance with the tax allowance scale.
