SOLUTIONS QUEENSLAND

Getting a formal qualification through Skills First (Recognition for Prior Learning) can be as easy as...

1 Skilling Solutions Queensland
Make an appointment to visit one of the Skilling Solutions Queensland Centres by calling 1300 654 687.

2 RPL Pre-assessment
At your interview one of our friendly, experienced consultants will help you identify your experience and skills set and match it to a qualification. They will then take you through the RPL Pre-assessment to determine your eligibility.

3 Qualification
Contact one of our many contracted Registered Training Organisations to arrange a meeting with an RPL Assessor. The assessor will work with you to assist you in providing evidence which verifies that your skills meet today's standards. Some gap training may be required.
