Queensland Government Building& Construction Training Policy

The *Buy Queensland* Audit Unit provides audit and investigation service support to the owners of the *Queensland Government Building and Construction Training Policy* (Training Policy) for the Department of Employment, Small Business and Training (DESBT).

The Training Policy has two main priorities to:

- support employment opportunities and skills development in Queensland's building and construction industry, and to
- increase the economic independence of Aboriginal and Torres Strait Islander
 Queenslanders in the industry.

The policy requires contractors to employ new apprentices and trainees (60% minimum) and undertake other workforce training as mandated components of being awarded work on eligible Queensland Government projects.

Queensland Government Building& Construction Training Policy

The Auditor will verify:

- Contract Agreed Hours and Actual Achieved Hours recorded against the Training Policy
 Administration System (TPAS) record for New Entrants Training and Other Workforce Training
 against the evidence provided by the Principal Contractor.
- 2. Where applicable, that a fully executed *Indigenous Economic Opportunities Plan (IEOP)* with outcomes, and signatory page for Achievement of outcomes against the agreed IEOP (signed by all three parties) has been uploaded to the TPAS record.
- 3. Where applicable (for projects over \$100 million) that a Skills Development Plan has been uploaded to the TPAS record, and that a Training Coordinator has been nominated and entered, into the TPAS record.

Example #8 New Entrant - Off-Site Training Attendance

Evidence Type Example - Correspondence from RTOs with off-the-job training attendance confirmation. New Entrant apprentice and trainee off-the-job training hours can be recorded as compliant hours in TPAS and are recorded against 'Record Training New Entrants' as accredited hours.

Training hours will be accepted if:

- ✓ Training hours can be verified against the off-the-job training attendance hours.
- ✓ Training is completed during the duration of the project.

Evidence in support of the training should include:

- name of employee
- details of RTO or training provider
- details of the training being undertaken
- date/s of off-the-job training
- start and finish times of off-the-job training.

Other Workforce audit review

During the audit, there are three main elements that will be reviewed.

- 1. What evidence confirms the worker was working on-site on the project for example, timesheets/site register?
- 2. Does the evidence show details of the training being undertaken (including type, date and duration)?
- 3. Was the training related to the Building and Construction Industry and did it benefit the project?
- Lastly is the training considered accredited or non-accredited training?

Note:

If the individual identifies as an Aboriginal and/or Torres Strait Islander worker, on-site labour hours can be recorded as compliant hours.

Other Workforce – Accredited Training Hours

Acceptable training type

- Registered Trade Skills Pathway participant
- Higher education/ tertiary training
- Vocational education and training (VET) course
- Qualification
- Student
- Undergraduate
- Cadet

Example #9 Other Workforce - Registered Trade Skills Pathway

Registered Trade Skills Pathway participant on-site labour hours and off-the-job training hours can be recorded as compliant hours in TPAS and are recorded against 'Record Training Other Workforce' as 'accredited' hours.

The **State Registration Number** for a Registered Trade Skills Pathway participant contains QLD and 8 digits and begins with the year the participant commenced in the program (e.g. QLD20180106).

The example also shows on-site training with an employer is a requirement of the course.

What happens next?

Once BQAU is provided with the evidence from the Principal Contractor, the auditor will review the evidence against the TPAS data and establish the initial audit findings.

An Evidence Review Meeting with the Principal Contractor will be arranged. The purpose of this meeting is to discuss the findings and evidence provided, to clarify information and identify any additional evidence that the Principal Contractor may be able to provide.

The Evidence Review Meeting will have one of the following outcomes:

- Compliant no actions required
- Compliant TPAS updates required
- Non-compliant with further evidence required, an extension may be provided to the Principal Contractor to allow time to supply documents to assist them to achieve a compliant outcome
- Non-compliant

Variations to Calculated Deemed Hours

Prior to advertising a tender, the procuring agency is responsible for assessing a project's capacity to meet the deemed hours requirement. If a project is assessed as unable to meet the deemed hours requirement, a revised deemed hours requirement must be recommended by procuring agency and then assessed and processed by DESBT.

Variations following contract acceptance will only be considered in extenuating circumstances. Contractors must firstly negotiate and gain support for the variation with the procuring agency and management procurement agency (if applicable) who will then recommend the variation to DESBT for assessment and processing.

Variation requests will be considered on a case-by-case basis and any variation to the deemed hours must not compromise the intent of the Training Policy.

If the deemed hours requirement has been adjusted by DESBT, following their assessment of the Variation, the auditor will assess the evidence provided against the revised deemed hours requirement to determine the final audit outcome.

The Training Policy Variation Process and Training Policy Variation Request Form are available upon request from DESBT via TrainingPolicy@desbt.qld.gov.au

Reasons for variation

| Reasons |
